

Nordsjælland by Night 2014

NEZ1, DM2, SM2

25. April 2014

FINAL RESULTS

We hereby forward the final results for your efforts Friday evening/night.

When collecting route controls we could see that you seems to driving reasonable, but when talking to the owner of Birkholm Planteskole, he complained that the last part of the participants (NEZ) not have understood the 40 km/h speed limit.

The race was difficult, especially for the foreign beginners, but rather suitable for the Danish elite after our opinion, which is shared by the jury.

During the event there was one change to the "idealkontrolkort":

- HRK "W" on section Høvelte is not calculated as wrong note just before the final control.*

Furthermore the respite time for NEZ-U is extended to 300 minutes according to NEZ-rules (13).

We have spend hours going though all start cards once again, ensuring that they are correct and "rabat" is given to all - a new Danish rule which makes the calculation of results far more difficult. There are few changes to the preliminary results.

If you have questions to the result, please contact Poul Erik Nielsen - eakpen@post.tele.dk.

Prices are handed over.

Viking Auto Sport arranges championship event again October 25th, which counts for Sjællandsmesterskabet (DK) og Øresundsmesterskabet (DK/S). You all shall be welcome, if you dare...

The organizers
